

CRITICAL INFORMATION SUMMARY

TPG NBN HOME SUPERFAST & NBN HOME ULTRAFAST PLANS

Service Description

TPG's NBN Home Superfast and NBN Home Ultrafast plans are delivered via the National Broadband Network (NBN) using FTTP or HFC technology to the network boundary point of your premises.

TPG Home Superfast and Home Ultrafast Bundle includes the following components:

- NBN Broadband
- Voice Service (no included calls)

Important Note: If you choose to bring your own modem, you will receive a data-only NBN service. The Voice service component will not be included; and you will not be able to make or receive calls.

The service is a pre-paid service and bills are not issued. An additional prepayment is required if you wish to make any calls that are not included as part of your plan. Payment options are Direct Debit or Credit Card.

Minimum Term

The plans are supplied on either a no lock-in contract (customers are permitted to terminate the service by giving 30 days notice) or 6 month contract term (early termination fees apply). See Minimum Total Cost applicable to each plan in the Information about Pricing section.

Equipment Required

You need an NBN compatible modem that is capable of reaching your NBN plan speed. For more information, see our [compatibility requirements](#).

If you do not already have the required NBN infrastructure installed at your premises, you or an authorised person over 18 years of age will be required to be home on the day of installation for a technician visit. If we find that you will require a technician visit to perform the installation, we will advise you of the date and time after registration.

To be provided a working Voice Service, you need a standard phone handset (approved for use in Australia) and you must choose the option with TPG modem included. When you connect to NBN certain equipment or services at your premises may be impacted and no longer operate. These include medical devices, alarms, EFTPOS machines, lift emergency phones and some email or fax services. Please contact the equipment manufacturer or service provider if you are unsure.

Information about Pricing

	N/A	\$99.95	N/A	\$99.95

Availability

The service is available at selected coverage areas and subject to infrastructure availability at customer's premises. To check for availability, please use the address checker [here](#).

Bundling Arrangements

Once an NBN Bundle is purchased:

- The Change of Plan option is restricted to TPG NBN Bundle plans only
- You cannot separately cancel an individual component of this NBN Bundle (NBN Broadband or Voice Service). Cancellation will cease both services

NBN Speeds

Typical Evening Download Speeds are subject to change and are measured 7pm-11pm. Typical Evening Upload Speeds are estimated by reference to the maximum upload speed. Actual throughput speeds may be slower and could vary due to various factors including type/source of content being downloaded, hardware and software configuration, the number of users and performance of interconnecting infrastructure not operated by TPG. Devices connected by Wi-Fi may experience slower speeds than those connected by Ethernet cable.

CRITICAL INFORMATION SUMMARY

TPG NBN HOME SUPERFAST & NBN HOME ULTRAFast PLANS

Inclusions & Exclusions

Non-commercial purposes: The service is for residential consumers and used for personal or domestic purposes only.

Voice Service Non-Included Calls: You can choose Voice Add-ons to include certain calls. Calls that are not included in your Voice Add-on (e.g. calls to 13/1300 numbers and Directory Services) will be charged at [listed](#)

[TPG rates](#) on a 'pay as you go' basis and deducted from your prepaid balance. [Standard International Call Rates](#) apply for calls to satellite phones and international calls that are not included in your Voice Add-on. Calls to 19/1900 numbers are not supported.

CSG Waiver: The standard Monthly Charge and Setup pricing stated in the Information about Pricing section are based on new customers agreeing to waive the Customer Service Guarantee (CSG).
