

CRITICAL INFORMATION SUMMARY

HOME BUNDLE

Information about the Service

Service Description

TPG Home Bundle includes the following components:

- ADSL2+
- Home Phone Line

The service is a pre-paid service and bills are not issued. A minimum \$20 prepayment is required at registration. As you use the service for calls outside the included value, the prepayment will be automatically topped up when the prepayment falls to a specified dollar amount.

Minimum Term

The Home Bundle plans are supplied on either a no lock-in contract (customers are permitted to terminate the service by giving 30 days notice) or 18 month contract term (early termination fees apply). See Minimum Total Cost applicable to each plan in the Information about Pricing section.

Optional Voice Add-ons: If a voice add-on is selected, the add-on will form part of the Home Bundle and must be retained until the expiry of the contract term for the associated Home Bundle unless a plan downgrade occurs.

NBN Ready

If the nbn™ network comes to your area, TPG may automatically transfer your service with any remaining contract period at any time to a service provided on the nbn™ network [Speed Tier 1](#) at no additional cost to you.

Equipment Required

Customers need a compatible ADSL2+ broadband modem and telephone handset to use this service. A Wi-Fi modem router is included if you select the 18 month contract option.

Availability

TPG Home Bundle plans are only available at selected TPG ADSL2+ coverage areas & subject to infrastructure availability at customer's premises.

Bundling Arrangements

Once a Home Bundle plan is purchased:

- Change of plan option is restricted to Home Bundle & NBN Bundle (if available) plans only.
- You cannot cancel either component (ADSL2+ or Home Phone). Cancellation will cease both services.
