

### Information about the Service

#### Service Description

TPG Ethernet Broadband services are a standalone fixed broadband service provisioned over multiple copper pairs to your premises, capable of delivering up to 10Mbps symmetrical speed.

#### Availability

Available at selected TPG coverage areas. Speeds vary up to 10Mbps based on a range of factors including connection, distance from exchange quality of copper, electrical interference, customer cabling, RIM or pair gain systems.

#### Bundling Arrangements

Supply of the Service does not require bundling with any other TPG service.

#### Equipment Required

Customers need a compatible router on their premises.

#### Minimum Term

The Service is supplied on a **24 Month** contract term. The Minimum Total Cost is **\$5802.50** (including \$548.90 installation charge).

### Information about Pricing

Charge Type	Amount
Monthly Charge	<b>\$218.90</b>
