

## Information about the Service

### Service Description

TPG's NBN Fixed Wireless L Bundle service is delivered via the National Broadband Network (NBN) to the network boundary point of your premises.

TPG NBN Fixed Wireless L Bundle includes the following components:

- NBN Broadband using the Fixed Wireless network
- Digital Voice Service:
  - o Unlimited Local calls – Excl. 13/1300 Calls
  - o Unlimited Standard National Calls to Landlines

The service is a pre-paid service and bills are not issued. A minimum \$20 prepayment is required at registration. As you use the service for calls outside the included value, the prepayment will be automatically topped up when the prepayment falls to a specified dollar amount.

### Availability

The NBN Fixed Wireless L Bundle is available at selected coverage areas and subject to infrastructure availability at customer's premises. To check for availability, please use the address checker at [www.tpg.com.au/nbn-fixed-wireless/coverage](http://www.tpg.com.au/nbn-fixed-wireless/coverage)

### Bundling Arrangements

Once an NBN Fixed Wireless Bundle is purchased:

- Change of plan option is restricted to TPG NBN Fixed Wireless Bundle plans only and you cannot move back to a TPG ADSL2+/ADSL service.
- You cannot separately cancel either component (NBN Broadband or Digital voice). Cancellation will cease both services

### NBN Speeds

Actual throughput speeds may be slower and could vary due to many factors including type/source of content being downloaded, hardware and software configuration, the number of users simultaneously using the network and performance of interconnecting infrastructure not operated by TPG. Devices connected by Wi-Fi may experience slower speeds

than those connected by Ethernet cable. The Boost speed option has a maximum download line speed of up to 25Mbps and maximum upload line speed of up to 5Mbps.

### Equipment Required

If you do not already have the required NBN infrastructure installed at your premises, you or an authorised person over 18 years of age will be required to be home on the day of installation for a technician visit. If we find that you will require a technician visit to perform the installation, we will advise you of the date and time after registration.

You need an NBN compatible modem to connect your devices to TPG NBN Fixed Wireless Broadband service. A Wi-Fi modem is included in the NBN Fixed Wireless L Bundle .

### Minimum Term

The NBN Fixed Wireless L Bundle plans are supplied on either a no lock-in contract (customers are permitted to terminate the service by giving 30 days notice) or 18 month contract term (early termination fees apply). See Minimum Total Cost applicable to each plan in the Information about Pricing section.

### Inclusions & Exclusions

**Digital Voice Included Calls:** The NBN Fixed Wireless L Bundle allows you to make unlimited Local Calls and unlimited Standard National Calls to Landlines, excluding 13/1300 Calls. Calls to 19/1900 numbers are not supported. Charges for calls made that are not included in the bundle (e.g. calls to 13/1300, AU Mobile numbers and Directory Services) will be charged at [listed TPG rates](#) by deducting usage charges from your Digital Voice Prepayment Outside Included Value. The service is for residential consumers only and may not be used for commercial purposes.

**CSG Waiver:** The standard Monthly Charge and Setup pricing stated in the Information about Pricing section are based on new customers agreeing to waive the Customer Service Guarantee (CSG).
