

## Information about the Service

### Service Description

TPG's NBN Broadband with Home Phone service is delivered via the National Broadband Network (NBN) to the network boundary point of your premises.

The TPG NBN Broadband SL Bundle includes the following components:

- NBN Broadband
- Home Phone Line Rental (no included calls)

The service is a pre-paid service and bills are not issued. A minimum \$20 prepayment is required at registration. As you use the service for calls outside the included value, the prepayment will be automatically topped up when the prepayment falls to a specified dollar amount.

### Availability

The NBN Broadband SL Bundle is available at selected coverage areas and subject to infrastructure availability at customer's premises. To check for availability, please use the address checker at

[www.tpg.com.au/nbn-ftp/coverage](http://www.tpg.com.au/nbn-ftp/coverage)

### Bundling Arrangements

Once an NBN Broadband SL Bundle is purchased:

- Change of plan option is restricted to TPG NBN Broadband Bundle plans only and you cannot move back to a TPG ADSL2+/ADSL service.
- You cannot separately cancel either component (NBN Broadband or Home Phone). Cancellation will cease both services.

### NBN Speeds

Actual throughput speeds may be slower and could vary due to many factors including type/source of content being downloaded, hardware and software configuration, the number of users simultaneously using the network and performance of interconnecting infrastructure not operated by TPG. Devices connected by Wi-Fi may experience slower speeds

than those connected by Ethernet cable. The Boost speed option has a download connection speed which will range between 18Mbps and 25Mbps, and an upload connection speed which will range between 1Mbps and 5Mbps.

### Equipment Required

If you do not already have the required NBN equipment installed inside your home, you or an authorised person over 18 years of age will be required to be home on the day of installation for a technician visit. If we find that you will require a technician visit to perform the installation, we will advise you of the date and time after registration.

You need an NBN compatible router to connect your devices to TPG NBN Broadband service. A Wi-Fi router is included in the NBN Broadband SL Bundle.

### Minimum Term

The NBN Broadband SL Bundle plans are supplied on either a no lock-in contract (customers are permitted to terminate the service by giving 30 days notice) or 18 month contract term (early termination fees apply). See Minimum Total Cost applicable to each plan in the Information about Pricing section.

### Inclusions & Exclusions

**Home Phone Included Calls:** Charges for calls are not included in the NBN Broadband SL Bundle and will be charged at [listed TPG rates](#) on a 'pay as you go' basis and deducted from your Home Phone Prepayment Outside Included Value. Calls to 19/1900 numbers are not supported.

**CSG Waiver:** The standard Monthly Charge and Setup pricing stated in the Information about Pricing section are based on new customers agreeing to waive the Customer Service Guarantee (CSG).

Directory Assistance – 1223	\$1.10 per call
TPG 13 14 23	Free

^ Charged per 30 second block or part thereof

### Other Information

#### Backup Power Service

Our service includes, at no additional charge, the supply of a backup battery unit. The backup battery unit will keep some elements of your telephone service going if there is a power outage at your premises. This backup battery unit will keep power going to your NBN Network Termination Device but it will not supply power to either your handset or your Internet router. This means if you have a telephone handset that does not require power and that handset is plugged into the UNI-V port on your NBN NTD, then if there is a power outage you will be able to make and receive telephone calls (including calls to emergency services) for an estimated period of time of about 5 hours.

However, if 1) You remove the battery backup unit, or 2) The unit is faulty or the battery is not replaced after the battery gets low on power, or 3) You have a telephone handset that needs power to function (e.g. wireless handset); then during a power outage, you will not be able to make or receive any calls, including calls to emergency services.

#### Usage Information

You can monitor your Home Phone usage by logging into Your Account online at [www.tpg.com.au/account](http://www.tpg.com.au/account).

#### Customer Support

##### Customer Service

Email: [customer\\_service@tpg.com.au](mailto:customer_service@tpg.com.au)

Phone: 13 14 23 (option 3, and then option 1)

##### Technical Support

Email: [helpdesk@tpg.com.au](mailto:helpdesk@tpg.com.au)

Phone: 13 14 23 (option 2, and then option 2)

#### Complaints Handling
