Bundling Arrangements

Once an NBN Business Bundle is purchased:

- Change of plan option is restricted to TPG NBN Business Bundle plans only and you cannot move back to a TPG ADSL2+/ADSL service
- You cannot separately cancel either component (NBN Broadband or Voice Service). Cancellation will cease both services

NBN Speeds

Typical Business Hours Download Speed is subject to change and is measured between 9am and 5pm, Monday to Friday. Your service speeds are not guaranteed and may vary due to many factors including type/source of content being downloaded, hardware and software configuration, the number of users and performance of interconnecting infrastructure not operated by TPG. Devices connected by Wi-Fi may experience slower speeds than those connected by Ethernet cable. For FTTN/B/C customers, we will inform you of your maximum attainable line speed once it's available from NBN after activation. If you are on a higher speed NBN plan that your line can't support, we'll provide you with options, including to downgrade or cancel your service for no extra charge and with a refund.
