- FTTB Broadband

FTTB Bundle plans are supplied on a no lock-in contract. Customers are permitted to terminate the service by giving 30 days' notice). See Minimum Total Cost applicable in the table above.

Availability

Only available in selected buildings. To check for availability, please use the [address checker](#).

FTTB Speeds

Typical evening download speed is measured between 7pm and 11pm. Typical evening upload speed is estimated by reference to the maximum upload speed for the plan. Actual throughput speeds may be slower and could vary due to various factors including interference, customer cabling and equipment, download source, and quality and distance of in-building copper. #Estimated Typical evening download speed is measured between 7pm and 11pm. As this is a new plan, the speed stated here is currently based on an estimate. TPG will revise the typical evening download speed once it has collected enough data on the speed performance for these plans.

Equipment Required

You must purchase and use the included FTTB compatible modem (the Modem) to connect to TPG FTTB Broadband service. Third party modems are not supported. The Modem is \$0 when you stay connected for 24 months (Device Period), however you will be required to pay a \$10 modem delivery fee. If your plan is cancelled or withdrawn within 24 months of connecting, you will be charged \$4.78 x months remaining in the Device Period e.g. if you leave after 18 months, you would pay \$4.78 x 6 (the number of remaining months), a total of \$28.68. The maximum modem cost is \$114.95. Alternatively, if you return the Modem in Good Working Order within 21 days of your plan being cancelled or withdrawn, we will waive the remaining cost of the Modem. Title to the Modem passes to you when we receive payment in full, or upon expiry of the Device Period. If you choose to return the Modem in return for a waiver of the remaining cost, title to the Modem remains with TPG.

'Good Working Order' means the returned Modem is near new with only minor signs of wear and tear, and includes all original equipment.

You will need to supply your own standard compatible phone handset to use your included voice service.

Early Cancellation Fees

As this product is provided on a no lock-in contract, there are no early cancellation fees if you choose to cancel. However, you may be required to pay out the cost of the Modem if you leave prior to 24 months and do not return it in Good Working Order within 21 days (refer to Total Minimum Charge under the Plans table above). If your order is withdrawn after receiving the Modem, then you will need to return the Modem to us in Good Working Order within 21 days of withdrawing your order. If you do not return the Modem, then you will be charged \$114.95, which is the total cost of the Modem.

Please be aware that cancelling your Broadband service will also result in a cancellation of any other TPG products you've purchased that are only available when bundled with an TPG Broadband service (such as Fetch or VOIP Call Packs). Should those products have their own contract, you will be liable for their associated break fees
