

CRITICAL INFORMATION SUMMARY

TPG MOBILE VM2 PLAN

Information about the Service

Service Description

The TPG Mobile **VM2 Plan** is a \$12.99 per month prepaid, SIM only, mobile service with the specified included value and included data. The underlying network is the Vodafone mobile digital network (2G/3G/4G). The **VM2 Plan** is not generally available for purchase. The **VM2 Plan** may only be acquired by customers who have been invited by TPG to take up this plan. By activating the service, you agree to port your mobile number from the Optus network to the Vodafone network.

The service includes the following monthly Included Value for use within Australia:

- \$180 Included Value for Calls and Text (SMS & MMS) to Standard Australian Numbers & International Numbers
- \$2000 Included Calls to TPG Mobile & TPG Home Phone
- 200MB Included Data

Recurring charges are payable monthly in advance and prepayment of \$20 is also required for excluded call, other excluded usage and excess data charges (which will be automatically topped up if it falls to below \$10). Payment options are Direct Debit or Credit Card.

Minimum Term

TPG Mobile Services are supplied on a rolling month to month basis. Customers are permitted to terminate the acquisition of the Service at any time, but you will forfeit any prepayments already made.

Bundling Arrangements & Mandatory Goods

Supply of the Service does not require bundling. It is not a requirement of TPG Mobile Services that customers acquire handsets or other equipment from TPG. However, you must have a compatible mobile handset to be able to use this service.

Excluded Usage

The **VM2 Plan** excludes Excess Data, Third Party content, Video Calls to International numbers, International Roaming, Diversion to International numbers, Directory Assistance and other Enhanced Services. Calls and SMS to 19 Numbers and Premium SMS/MMS are not supported. The plan is for personal use only and may not be acquired by companies or businesses or used for commercial purposes or in a manner that may adversely affect the mobile network.

Excess Data: Excess Data rate (10¢ per MB - charged per KB or part thereof) applies once Included Data is exceeded.

See Call Rates and Other Usages Rates below for a pricing summary of excluded key usage types. For full rates and a complete understanding of Inclusions & Exclusions, visit the website. www.tpg.com.au/mobile/callrates.

Coverage

Customers can only obtain 4G speeds when they use a 4G-ready phone (LTE 1800/850 MHz) in 4G coverage areas as per the detailed map listed at www.tpg.com.au/mobile/coverage. When customers are not within a 4G coverage area or their mobile handset is not 4G compatible, the mobile service will automatically switch over to 3G or 2G and speeds will be much less than that of 4G. When inside 4G coverage areas actual speeds vary due to factors such as location, distance from the base station, local terrain, user numbers, hardware & software configuration and download source/upload destination.

Information about Pricing

Other Information

Usage Information

You can monitor your TPG Mobile usage by logging into Your Account online at www.tpg.com.au/account.

International Roaming

While roaming, calls, SMS, MMS and data are charged at higher rates than they are used in Australia.

Charges for using International Roaming are not part of your plan's Monthly Included Value. We highly recommend you disable Mobile Data (GPRS) before going overseas to ensure that you do not incur unexpected and high data usage fees whilst roaming.

Please be aware there is often a lag of up to 30 days before the roaming usage is shown in "Your Account" due to the delay in receiving your roaming usage records from overseas network carriers.
